- 8** Dinner for two, 2002
Instruction piece, DO IT

Choose a dining table, round or square, but not too big. Cover the top with a table cloth and place two white china plates, two sets of forks and knives and two wine glasses on it. Pull the table cloth off the table and leave the cloth and the crashed china and glasses on the floor beside the table.
(a thin and not too solid quality of china and glass will give the best result)
